

## 'Wraparound' Care at Hazelhurst

Once your child attends a Nursery School morning/afternoon session (age 3-4) or full-time school (usually until they start Year 1), we offer sessions that 'wrap around' these, which include time at Hazelhurst, all their meals and accompanied travel with familiar staff where your child will be placed into the care of or collected from their class teacher.

Due to the high demand for this service, wraparound places are strictly limited. Requests are invited and availability is reviewed on an annual basis, with the year ending on the last day of the summer holidays. In the event of over-subscription, we will prioritise nursery-aged children first, then full-time school children who have a younger sibling attending Hazelhurst. Please let us know your requirements as early as possible to avoid disappointment.

### Safety

On our school runs, children are supervised by staff at all times on a ratio of at least 1 staff member for every 4 children and are never left unattended in a vehicle. We use child safety seats appropriate to the size of each child and seatbelts in accordance with all current regulations.

### Electric vehicles

In our efforts to lessen our environmental impact, we are phasing out our use of petrol/diesel and now use two electric people-carriers as well as our older diesel people carrier which is due to be replaced with an electric vehicle in Spring 2023.

## The Childcare Offer at Hazelhurst

### Childcare Funding

From the term after your child's 3rd birthday, you may be eligible for Childcare Offer Funding of up to 17.5 hours per week in term time as well as up to 30 hours per week in the school holidays for 9 holiday weeks in total per year. You need to apply for this funding through the Welsh Government: <https://www.gov.wales/get-30-hours-childcare-3-and-4-year-olds>

Hazelhurst applies the funding to your invoice by removing the cost of up to 17.5 hours of your booking during term time or of up to 30 hours of your booking during the school holidays where a week of entitlement has been booked with us.

The Welsh Government will only fund hours that your child is booked to attend nursery. So, for example, if your booking is for 10 hours a week, you will only receive 10 hours of funding even though the total entitlement available is 17.5 hours. It's important that you keep your agreement with us updated if you change your booking, as this may affect the number of hours the Welsh Government will fund. We recommend parents sending us an agreement for the full 17.5 hours regardless of your child's booking, so that we can easily apply any extra hours, should you need them during INSET or other school closure days. This helps to ensure that children receive everything they are entitled to.

Where sessions are funded by Childcare Offer hours, meals and travel are charged separately, as they are not included in the Childcare Offer Funding. Breakfast, lunch and tea are charged at £2.50 each, snacks at 75p and travel costs at £11 per journey are removed from the cost of the session and billed separately.

The bill payer remains liable for the cost of care at normal rates should funding not be received from the Childcare Offer for any reason.
